Reasons for Allowance

1. Claims 1-16 are allowed.

The prior art discloses several instances of facial recognition or localization with eye or gaze tracking, but the prior art does not disclose first identifying a person based on predetermined facial features, retrieving a previously stored ocular profile based on those facial features, and using the ocular profile to track movement of an eye of the person.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
